KEY BENEFITS

for your Business

DISCOVER HOW SHOPGURU® CNC MACHINING SOFTWARE TURNS YOUR CNC MACHINISTS INTO CNC GURUS - WHO PRODUCE PARTS ACCURATELY AND ON TIME - EVERY TIME!

Achieve Consistently Accurate Production

Avoid errors by following proven and pre-recorded processes in shopGURU® instead of coming up with new machining steps or trying to remember how the part was made last time.

Drastically Decrease Setup Time

Instead of wasting time re-inventing the wheel or working with unreliable setup sheets and manual paperwork, CNC Machinists quickly and independently follow detailed steps recorded in shopGURU® to efficiently get the job done.

Minimize Errors, Crashes, and Scraped Parts

Take the guesswork out of your CNC Machining Process by empowering your team with detailed, step by step instructions, pictures, notes, and markups that minimize errors, crashes, and scraped parts.

Exponentially Boost Throughput and Revenue

When shopGURU® reduces your team's setup time and minimizes errors and revisions, your throughput grows. That means more capacity and revenue for your business.

Gain Peace of Mind

Achieve peace of mind knowing that your team can follow a proven process to produce the highest quality parts from setup to inspection – without micromanagement from you or senior managers.

Eliminate Dependency On Hard To Find Machining Experts

Searching for weeks or months for the right talent is a thing from the past. With shopGURU®, even junior machinists with minimal training can follow and produce parts – like a more experienced team member could.

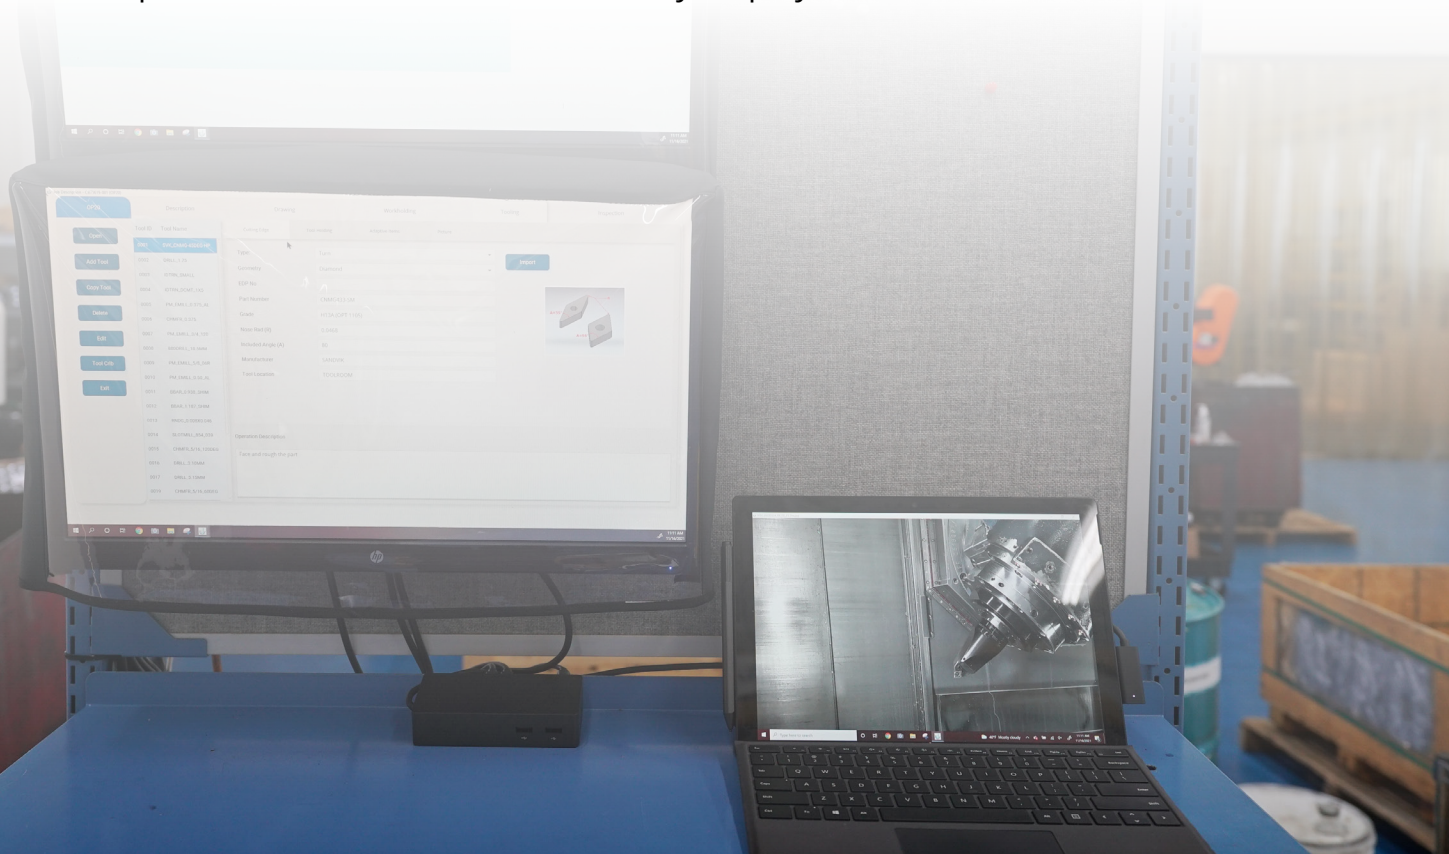

Consistently High Quality and Customer Satisfaction

Feel confident producing the highest quality machined parts your customers can rely on. Reduce errors, inaccuracies, and become your customers' preferred machining source.

No More Worry about Employee Turnover

When turnover of key employees occurs, important process know-how stays recorded in shopGURU® and doesn't leave when key employees leave.

Bring New Employees Up To Speed Fast

Allow new machinists to use shopGURU® and follow pre-recorded steps to produce the most complex parts with minimal training!

Any Machine Tool Builder or Tooling Manufacturer

shopGURU® is independent from any Machine Tool Builder and Tooling Manufacturer so you know it's going to work seamlessly in your shop.

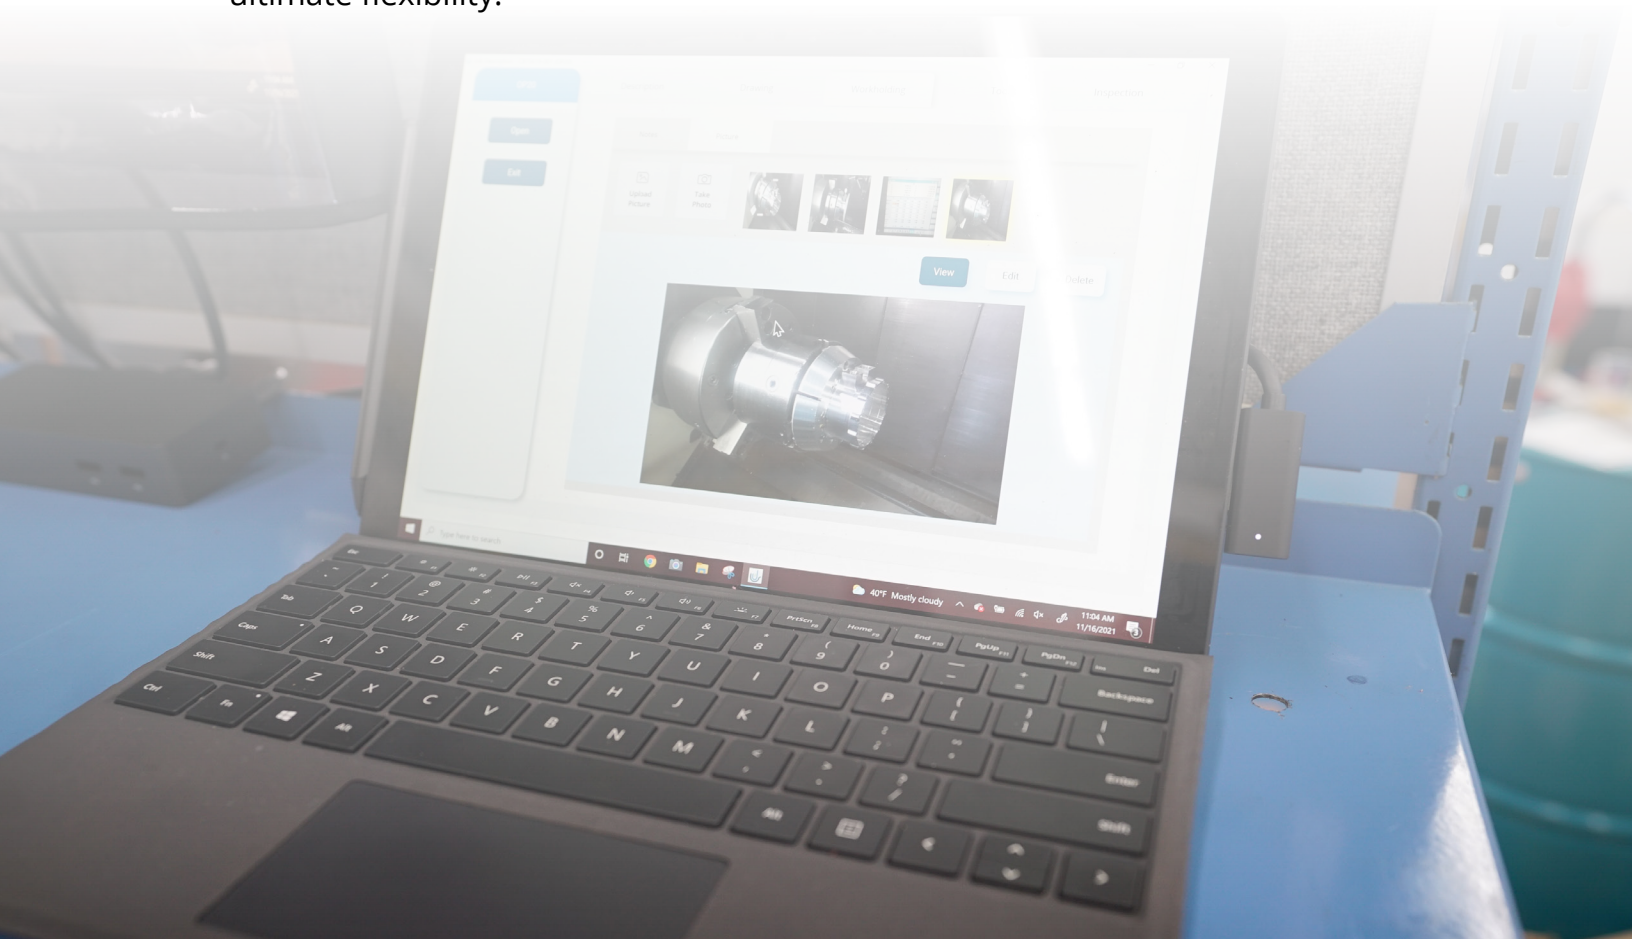

Protect Your Data

Your shopGURU® data is safe at your company and never stored online. When an employee leaves, proprietary data stays with you, because it's always protected by your shop license.

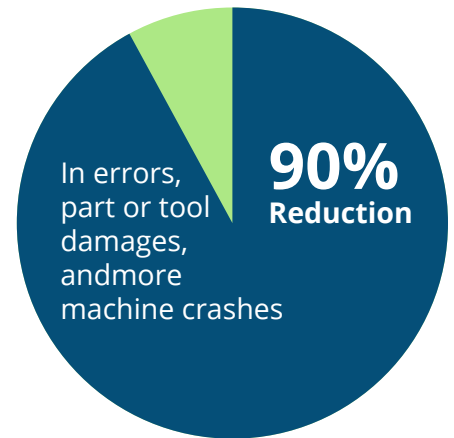

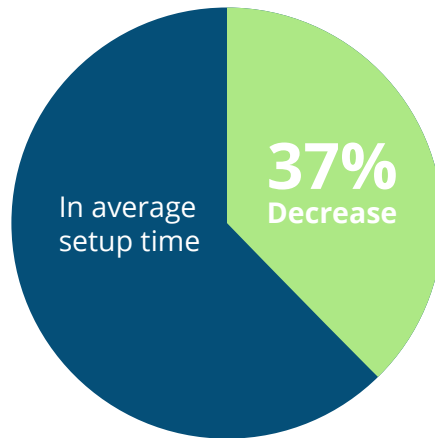

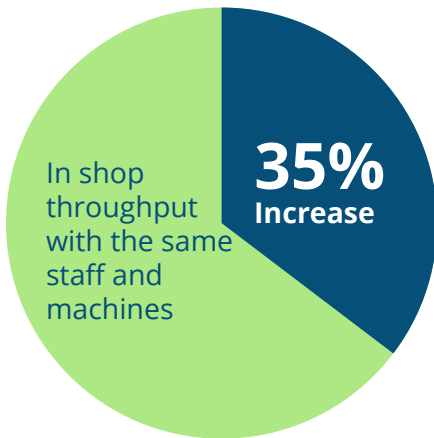

Device Flexibility

Install the shopGURU® software to your team's PCs, laptops or tablets for the ultimate flexibility.

shopGURU clients have reported drastic results

ALL YOU NEED IS A LICENSE TO THE BEST CNC SOFTWARE

To get started with shopGURU®, all you need is a license for your business. Licenses are available with any number of seats to accommodate your team.
